

British Championship Qualifying Grand Prix – Rules 2022/23

1. The British Championship Qualifying Grand Prix will provide a group of qualifiers in accordance with the terms of the current version of the British Isles Co-Ordination Committee (BICC) Agreement. Only players who are eligible, or not qualified by other means will appear in the Grand Prix standings.
2. Qualifying tournaments will be those registered with FIDE for rating for the monthly periods June 2022 – May 2023 inclusive under the jurisdiction of the BICC. This will include all tournaments that are completed between 1st June 2022 and 31st May, 2022. Tournaments included will be those that are open all players with no rating or geographical restriction, be played at a standard play time limit, and have a minimum of five and a maximum of eight rounds.
3. A player is deemed to have played in an event if they have played at least two games in that tournament. An event must have at least 10 players.
4. The top twelve places will gain points in the Grand Prix. Placing is based on all event competitors including those who are excluded from this Grand Prix. Tie breaks will be ignored for *placing scores*. Where there is a tie for a place, points will be averaged for those involved in the tie.
5. The *event strength* will be determined by the average rating of the top ten players who played in the event.

6. The *placing scores* depend on the number of contestants are as follows:

	10-19	20-29	30-39	40+
1	21	24	28	32
2	15	19	24	29
3	10	16	21	26
4	6	14	18	23
5	3	12	15	20
6	1	10	13	18
7		8	11	16
8		6	9	14
9		4	7	12
10		2	5	9
11			3	6
12			1	3

7. *Event strength* is zero for a player not entitled to points per the table in 6 and otherwise calculated by adding one point for every full ten points the average rating of the highest ten contestants is more than 1900.
8. A player's Grand Prix points are determined as: *placing score* + *event strength* points
9. A player who has qualified by another route will remain in the placings for each event they play in but will be removed from the Grand Prix table.
10. The final positions in the Grand Prix will be determined by the following ratio for all eligible players:

- a. Calculate the total points scored from all qualifying events
- b. The divisor is the number of events the player has scored points in, with a minimum of 6.
- c. The scoring ratio to determine qualifying places is a/b .
